

5-10 Minute Product Demo Script

Recommended live-demo flow for hospital chairman, CEO, CFO, and CIO

Generated: 2026-06-10T03:40:31.504Z

Opening - 45 seconds

Lead with: TOTTECH Clinical Services is a multi-tenant hospital operating system with IVF support, patient timeline, integrated billing, and hospital branding. Avoid saying only OP/IP/Lab/Pharmacy.

Demo Tenant - 60 seconds

Open TOTTECH Multi-Speciality Hospital. Show logo/branding, departments, doctors, users, and populated patient data.

Patient Journey - 3 minutes

Register/search patient, book appointment, collect consultation fee, open doctor view, record consultation, order lab, show lab result, prescribe medicines, dispense pharmacy, and open patient timeline.

Finance & Documents - 90 seconds

Show invoice, receipt, lab report, prescription PDF, QR verification, collections, outstanding, and revenue evidence.

SaaS & Security - 90 seconds

Show hospital creation, branch setup, role users, subscription status, tenant disable/reactivate concept, and data isolation fixture.

Close - 45 seconds

Position differentiators: multi-tenant, IVF included, fast deployment, hospital branding, patient timeline, integrated billing, simple UX, and affordable enterprise readiness.
